

Platinum Towers granted Platinum Drill award

Monday, 13 June, 2011

Atlas Estates' Platinum Towers apartment sky-scrapers have been granted the highest prize in the category of residential projects in this year's, 15th edition of Platinum Drill contest. Contest's jury appreciated buildings' functional layout, carefully thought out technical and construction solutions as well as their architectonic design. The award proves that apart from the unique view on Warsaw city centre Platinum Towers provide also highest quality of construction standards and architectonic concept.
